

Founded in 1558

Students: 21,000  
 Professors: 340  
 Academic staff: 2,000

UNIVERSITÄT JENA  
 1558 – 2008 450 JAHRE

## Schools (Fakultäten)

- Theology
- Law
- Economics and Business Administration
- Philosophy (Arts and Letters)
- Social and Behavioural Sciences
- Mathematics and Computer Science
- Physics and Astronomy
- Chemistry and Earth Sciences
- Biology and Pharmacy
- Medicine

## Library

Thüringer Universitäts- und Landesbibliothek - 4 millions of volumes

## Priority Research Areas

- Optics, photonics and photonic technologies
- Innovative materials and technologies
- Dynamics of complex biological systems
- Laboratory of the Enlightenment
- People in processes of social changes

## Graduate Schools

- Jena School for Microbial Communication (Federal Excellence Programme)
- Human Behaviour in Social and Economic Change
- Laboratorium Aufklärung (Laboratory of the Enlightenment)
- Time and Society
- Jena School of Molecular Medicine
- Abbe School of Photonics
- International Graduate College: Conflict and Cooperation between Social Groups
- Alteration and Element Mobilisation at Microbe – Mineral Interfaces
- Economics of Innovative Changes
- Cultural Orientation and Social Structures in Southeast Europe
- Human Dignity and Human Rights
- Quantum and Gravitational Fields
- Molecular Signatures of Adaptive Stress Responses

## Studies and Degrees

### Bachelor of Science (B. Sc.) – 3 years – 180 credits

Applied computer science, biochemistry, biogeosciences, bioinformatics, biology, business and economics, business mathematics, chemistry, computer science, geography, geosciences, materials sciences, mathematics, nutrition science, physics, psychology

### Bachelor of Arts (B. A.) – 3 years – 180 credits

Sports science
