Coimbra Group Scholarship Programme for Young Professors and Researchers from Latin American Universities 2020

The "Coimbra Group Scholarship Programme for Young Professors and Researchers from Latin American Universities" was launched for the first time in January 2004. The dates and the structure of the visit which will be carried out in the academic year 2020-2021 at the host university will be agreed upon with the host tutor/partner university. - Academic skills of the applicant

- Curriculum Vitae assessment
- Coherence between the programme proposed by the applicant and his/her academic background and experience
