This is an automatically generated email, please do not reply.

## 3 Email notifications

For data protection reasons, you can decide for yourself whether you want us to inform you by email about changes in the status of your application, i.e. you will receive an email from us stating if anything has changed in the status of your university application (has been examined and declared valid, was rejected, was admitted, etc.). The same applies to the provision of documents.

If there are several status changes, no further email will be sent until you log back on to the portal again and inform yourself. If the status changes again, you will receive a new email.

**You will not receive a status change email from us if you refuse to give your consent, and that you must independently track the status of your application on the portal.**

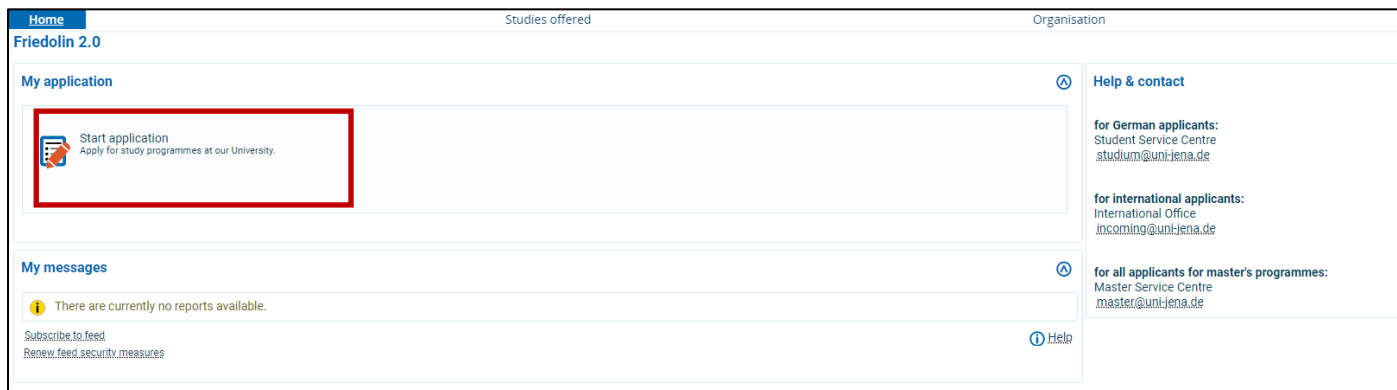

## 4 Start application

Please inform yourself about the required application documents **before** you apply! You find all information on the needed documents of each study programme on the respective information page:

<https://www.uni-jena.de/en/studies/study+programme>

Please scan all applications documents and save them as PDF files (max. 5 MB for each file). Please note that there is only one upload slot available for most application documents. Therefore, if you have a document which consists of multiple pages, please merged them to one single PDF file.

Please log in to the portal and select „**Start application**“ to apply for a master’s degree programme:

The screenshot shows the university portal home page. At the top, there are navigation links for 'Home', 'Studies offered', and 'Organisation'. Below this, the page is divided into several sections. The 'My application' section is highlighted with a red box and contains a button labeled 'Start application' with the text 'Apply for study programmes at our University.' To the right of this section is a 'Help & contact' section with contact information for German, international, and master's programme applicants. Below the 'My application' section is a 'My messages' section with a notification that there are currently no reports available and links to 'Subscribe to feed' and 'Renew feed security measures'. At the bottom right of the page is a 'Help' link.

### 4.1 Semester of application and study programme

Please select the correct semester of application (summer or winter term) and start your application by adding an application form. Afterwards, select your desired master’s degree programme: Please select the degree, the subject/study programme, and the subject-related semester. Certain study programmes also demand to select a specialisation.

**Subject-related semester:** If you are a first-year student, please select the 1st subject-related semester. If you start your studies in a higher semester, select a subject-related semester greater than 1 if this is offered for this subject. In this case, additional proof is needed. For more information please see section 4.2.3.

**You cannot change any information on your desired study programme once it has been saved! Therefore, please thoroughly check all information before confirming them by selecting „continue“.**

### 4.2 Application documents

On the next following pages, you must enter all necessary information and upload the required documents. Only PDF files are allowed! **Please read the instructions and the additional information provided by help texts on each page carefully.** To view the help texts, select the symbol ⓘ. Fields marked with (\*) are mandatory. You can access the next page, if a required field is not filled or if a document has not been uploaded. By selecting the button „back“ you can access the previous page, in case you like to change or delete data/information.

Please make sure to only upload the document/s which are required in the respective upload slot. PDF files which consist of many different documents and which are not needed in the respective upload slot will not be accepted!

#### 4.2.1 Proof of university entrance qualification

Please select the **type of your university entrance qualification** (the most common is the qualification called „Sonstiger Erwerb der HZB im Ausland (allgemeine Hochschulreife)“= „Other university entrance qualification acquired abroad (general university entrance qualification)“).

**Certificate:** Please upload your secondary school certificate (e.g. Abitur, Middle/Senior School Certificate, Baccalaureate, High School Diploma, Higher Secondary Education, HSC, Intermediate, WASSC etc.) as a PDF file to the portal.

#### 4.2.2 Proof of previous periods of study in higher education

Please provide proof of your admission to the master's programme (= usually your undergraduate/bachelor's degree) **AND** (if applicable) of your other periods of study in higher education, e.g. additional undergraduate degrees or master's degree studies etc. (incomplete or completed). Please have PDF files of your Transcript of Records/ mark sheets and, if available, the degree certificate of your studies relevant to admission ready for upload.

**„Average grade“:** Please fill in the numerical grade according to your current Transcript of Records/ mark sheet. This section must be filled! If you do not have a numerical average grade, please contact the Master Service Centre via Service Desk at [www.uni-jena.de/service-msz](http://www.uni-jena.de/service-msz).

**„Study programme/ subject“:** Please note that there are no preselections available. Therefore, please type in your study programme/ subject yourself.

Please do not forget to **indicate** which **study programme** is **relevant to admission**:

* Higher education degree relevant to admission	yes	▼
<a href="#">Add Proof of previous periods of study in higher education</a>		
Back	Continue	

#### 4.2.3 Proof of eligibility for a higher subject-related semester in a master's programme

If you like to apply for a higher semester (i.e. 2nd or higher), you must upload proof of your academic achievements that qualify you for admission to a higher subject-related semester in a master's programme (e.g. current transcript of records/ mark sheet of your current master's degree studies). You must have obtained at least 30 ECTS-credits already and gained grades in the same or in a subject-specific master's programme at a GERMAN or EUROPEAN ECTS university.

#### 4.2.4 Additional documents and proof of grading system

You can upload additional documents such as proof of relevant work experience, letter of recommendation etc. Also, please use this section to upload **proof of the grading system/scheme** (= highest possible grade and lowest passing grade) used at your university. In case this information is already provided on your transcript of records/ mark sheet, then you do not need to upload any further proof.

## 5 Submit application

After you entered all requested data and uploaded all application documents, you will see an overview of your provided information. **Please review the information carefully before submitting your application.** You can also check the submission deadline.

At the end of the overview, please confirm that the information provided is correct. Afterwards, please select „submit application“. You will receive a confirmation email that your application was successfully received. Your application status has changed to „Received“.

## 6 Edit application

You cannot change information of your application, once you submitted it. In case you made a mistake during the online application (e.g. uploaded the wrong PDF document), we recommend to edit your application by selecting **„withdraw and edit application“**. This selection allows direct editing. If you choose “withdraw application” your application is only withdrawn. Afterwards you must select “edit application” in order to make changes to your application.

**To *withdraw and edit an application* does not mean that you delete the application! This feature only serves to edit your application.**

We recommend to only withdraw applications with the application status “Received”. Learn more on the status of your application in section [6 “Status of your application”](#).

The screenshot shows the 'Online application' interface. At the top, there is a dropdown menu for 'Semester of application' set to 'summer term 2022 - 1 Application'. Below this, a message states 'There are no documents in your inbox yet.' The main section is titled 'Submitted applications' and includes a 'Help' icon. A table lists the submitted application:

Application no. 1	Admission Restriction	Status of subject applied for:
Master of Science Mathematics (vers. 2020), 1. subject-related semester		Received

At the bottom of the application entry, there are three buttons: 'Show application details', 'Withdraw and edit application', and 'Withdraw application'. The 'Application status: Received' label and the 'Withdraw and edit application' button are highlighted with red boxes in the original image.

In case you would like to change PDF files you must delete the previously uploaded documents first. Please note the information on uploading application files in section [4.2 Application documents](#).

**Once withdrawn, an application will not be processed by the Master Service Centre until the application has been re-submitted.**

You can submit a previously withdrawn application within the application deadline; it will have the status “Received” once again. To re-submit an application, please use the “Submit application” button.

If you have problems editing your application, please contact the Master Service Centre at [www.uni-jena.de/service-msz](http://www.uni-jena.de/service-msz).

## 7 Status of your application

### 7.1 Information on each application status

If you like to know more about your application status and/ or the status of your subject, please select „application status“ or „status of subject applied for“ and a help box opens with further information. You will receive a confirmation email, should your application status has changed (only if you activated email notifications!).

The screenshot shows a web interface for 'Submitted applications'. A help box is open for 'Application status: Received'. The help box contains the following text:

**Help for Application status: Received**

The status **Received** indicates that you have submitted the application and that it is available to the University in electronic form, but has not yet been checked by the relevant student administration.

Applications in this status do not yet take part in the allocation procedure and can be edited by you as you wish, an exception being the chosen study programme. To do so, please use the “Withdraw and edit application” button. Additional information (university entrance qualification, educational career to date, etc.) that are not linked to other submitted applications can also be edited.

You can withdraw your submitted application at any time if you no longer wish to take part in the procedure. To do so, please use the “Withdraw application” button.

Buttons: Show application details, Withdraw and edit application, Close

## 7.2 Status “Received” and “Received”

After submitting your application, the application status and status of subject changes to “Received”. It indicates that your application was electronically received by the Master Service Centre, but not yet processed. In case you would like to make changes to your application, we recommend to do so only if both statuses are “Received”. To edit your application, please choose “Withdraw and edit application”.

## 7.4 Status “In progress” and “Temporarily rejected”

The status of your application changes from “Received” to “Temporarily rejected”, if your application is incomplete. You can now withdraw and edit your application and upload the correct documents. Please note that correct documents and information can no longer be changed. After editing your application, please do not forget to submit your application!

## 7.5 Status “Withdrawn”

To edit your application, you must withdraw your application. As long as your application is withdrawn it will not take part in the procedure and will subsequently not be processed by the Master Service Centre until you re-submit the application.

You can submit a previously withdrawn application within the application deadline. To do so, please use the “Submit application” button. The status will then change to “Received” once again.

The screenshot shows a user interface for an application. At the top left, it says "Application no. 1". To the right, a blue button indicates "Application status: Withdrawn - In process". Below this, the text "Master of Science Mathematics (vers. 2020), 1. subject-related semester" is displayed, with "Admission.Restriction" to its right. A green button labeled "Submit application" with a right-pointing arrow and a red button labeled "Edit application" with a pencil icon are positioned below the text. At the bottom left, a yellow information icon is followed by the text "You can submit your application by Aug 31, 2022." and a blue help icon.

**The application status will stay “Withdrawn” should you withdraw your application, but forget to submit it. A withdrawn application will not be processed by the Master Service Centre until you re-submit it.**

## 8 Admission decision

In case of admission, rejection or rejection on formal grounds, you find the respective letter as a PDF file ready to be downloaded either in the section “My messages” or in your inbox. To access your inbox, select “View my application”.

## 10 Online enrolment

### 10.1 Apply for online enrolment

Whether you are required to apply for online enrolment depends on your status:

Status: You are enrolled at University of Jena at time of receiving your admission offer. (e.g. DSH course or bachelor's programme)	Status: You are <u>not</u> enrolled at University of Jena at time of receiving your admission offer.
<p>⇒ You do <b>NOT</b> have to apply for online enrolment</p> <p>⇒ A simplified enrolment process applies</p> <p>⇒ Please visit the information page for all further steps of your enrolment preparations including information on the needed enrolment documents:</p> <p><a href="https://www.uni-jena.de/en/master-enrolment">https://www.uni-jena.de/en/master-enrolment</a></p>	<p>⇒ After accepting your admission offer, you can apply for the online enrolment within the displayed period.</p> <p>⇒ Learn more about the enrolment process in the following section 10.2.</p>

## 10.2 Online enrolment process

To apply for online enrolment, please select „apply for enrolment“ in the online portal. Afterwards, follow the instructions on the following pages. Please note that you can only apply within the displayed period.

Please send the **filled in form “application for enrolment” AND the listed documents** (see checklist on page one for reference) **by the displayed deadline** via post to the Master Service Centre. You can also hand in the documents in person during our office hours or put them either in the mailbox (in front of the entrance Schlossgasse) or in the MSZ mailbox on the 3<sup>rd</sup> floor. The postal address of the Master Service Centre as well as the submission deadline is shown on the very first page of the enrolment form:
